EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the overall claimed combination of a tampon comprising a plurality of recessed portions wherein each of the recessed portions comprises a first and second side wall that intersect one another to form a vertex wherein the first side wall dimension differs from the second side wall dimension and the depth dimension varies along a portion of the length dimension has neither been anticipated nor rendered obvious by the prior art of record.

The closest prior of art of record Schoelling (US 2002/0151859) discloses a tampon having a plurality of recessed portions, however, the first and second side wall dimensions are not different from each other and thereby do not provide any variation along at least a portion of the length dimension as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michele Kidwell whose telephone number is 571-272-4935. The examiner can normally be reached on Monday thru Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tatyana Zalukaeva can be reached on 571-272-1115. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
